PHILOSOPHY OF CARE

At **Sunset Ridge Jefferson** our staff of trained resident aides and certified nursing assistants specialize in dementia care. Treatments are provided for those with age-related frailties as well as memory and dementia illnesses. Whether it's a prompt response to a challenging behavior, or medication management to ease aggravation and discomfort, avoiding meltdowns and providing compassionate care is our first priority.

Sunset Ridge Jefferson believes that providing a routine based schedule tailored for each resident easily acclimates our residents to the senior living experience. Providing well rounded life enrichment programs that stimulate independence in activities of daily living, combined with personal care planning and monthly wellness checks, help maximize the quality of life for every resident while promoting good health and well being. And with a 1:6 staff to resident ratio that is lower than most facilities, you can be sure that your loved ones are receiving the individual care and attention they need.

COMFORTS OF HOME

All resident rooms at **Sunset Ridge Jefferson** are private. Residents are encouraged to furnish their own suites and are welcome to bring personal furniture items, wall hangings, window treatments, and other comforts from home.

Amenities Include:

- Independent climate control
- Private bath
- Emergency call system
- Large closet and storage space
- All inclusive standard utilities
- Wireless internet access
- Satellite TV service
